Email : kashishsrivastava276@gmail.com
Mobile : +91 8470913683

SKILLS

Languages:	Python, C++, Java, JavaScript
Web Technology:	HTML5, CSS3, React.js, Node.js
Libraries/Frameworks:	NumPy, Pandas, Matplotlib, Bootstrap
Tools/Platforms:	Excel, Power BI, Git, Linux
Soft Skills:	Problem Solving, Communication, Adaptability

PROJECTS

LifeSync – Smart Lifestyle Assistant | [GitHub] Feb'26

- Developed a responsive lifestyle web application integrating multiple third-party APIs to provide users with useful daily utilities such as weather updates and other lifestyle services in a single platform.
- Implemented dynamic API data fetching and interactive UI components to display real-time information with a clean and user-friendly interface.
- Designed structured frontend components and efficient backend API handling to ensure smooth communication between client and external services.
- **Tech Stack:** JavaScript, React.js, Node.js, Express.js, REST APIs, HTML, CSS

COVID-19 Data Analysis and Visualization | [GitHub] Mar'25

- Analyzed COVID-19 datasets using Python to study case trends, recovery rates, and regional distribution across Indian states.
- Performed data cleaning and preprocessing, including handling missing values and removing null columns, followed by Exploratory Data Analysis (EDA) in Jupyter Notebook.
- Created interactive visualizations such as heatmaps, trend charts, and choropleth maps to present insights and support clear data-driven storytelling.
- **Tech Stack:** Python, NumPy, Pandas, Jupyter Notebook

TRAINING

Mastering Data Structures and Algorithms | Board Infinity | [Link] Jun'25 – Jul'25

- Trained in Data Structures and Algorithms using C++, covering concepts like sorting, searching, recursion, and dynamic programming.
- Practiced problem-solving on LeetCode and coding platforms, improving coding accuracy and solution efficiency.
- Strengthened C++ STL usage, algorithmic thinking, and problem-solving skills for competitive programming and technical interviews.

CERTIFICATIONS & CERTIFICATES

- Master Generative AI & Generative AI Tools | Infosys — Sept'25
- Cloud Computing | NPTEL — Apr'25
- Network communication | Coursera — Oct'24
- The Bits and Bytes of Computer Networking | Coursera — Sept'24

ACHIEVEMENTS

- Secured a Top 10 position among 100+ teams in a Hackathon conducted by Lovely Professional University.
- Solved 100+ LeetCode DSA problems, strengthening logic building, time complexity analysis, and coding proficiency.
- Secured second prize in the Treasure and Hack event conducted by the School of Computer Science and Engineering.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering Aug' 23 – Present
CGPA: 7.86

S.J.S. Public School Raebareli, Uttar Pradesh
Intermediate Apr'22 – Mar'23
Percentage: 86.6%

S.J.S. Public School Raebareli, Uttar Pradesh
Matriculation Apr'20 – Mar'21
Percentage: 87%
